## **Item 2.02 Results of Operations and Financial Condition.**

On May 12, 2025, Quanterix Corporation (“Quanterix”) issued a press release announcing its financial results for the first quarter ended March 31, 2025 (the “Earnings Release”). A copy of the Earnings Release is furnished as Exhibit 99.1 and is incorporated herein by reference.

The information in this Item 2.02 of this Form 8-K (including Exhibit 99.1) shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as expressly set forth by specific reference in such a filing.

## **Item 2.05 Item Costs Associated with Exit or Disposal Activities.**

On May 7, 2025, the Board of Directors of the Company approved a plan to reduce operating costs and preserve cash. As part of this plan, the Company will reduce its operating expenses by approximately \$15 million in 2025, with annualized savings of \$30 million, or 15% of the Company's cost base. Approximately \$9 million of the \$15 million savings will be realized from headcount actions. The remaining savings will be realized from a reduction in other costs. The reduction in force is expected to be substantially completed by the end of the second quarter of 2025. The Company expects to incur expenses of approximately \$1.5 million related to the reduction in force, substantially all of which will be cash expenditures incurred in 2025 for severance.

Quanterix’s estimates are based on a number of assumptions. Actual results may differ materially, and additional charges not currently expected may be incurred in connection with, or as a result of, the workforce reduction. As permitted by Item 2.05 of Form 8-K, Quanterix will file an amendment to this report if charges and future cash payments differ materially from current estimates.

## **IMPORTANT ADDITIONAL INFORMATION**

In connection with the proposed acquisition of Akoya Biosciences, Inc. (“Akoya”) by Quanterix (the “Merger”), Quanterix will file with the U.S. Securities and Exchange Commission (the “SEC”) a post-effective amendment to its registration statement on Form S-4 (as amended, the “Registration Statement”), which will contain a preliminary proxy statement of Akoya and a preliminary prospectus of Quanterix (the “Proxy Statement/Prospectus”), and each of Quanterix and Akoya have, and may in the future, file with the SEC other relevant documents regarding the proposed Merger. **INVESTORS AND SECURITY HOLDERS ARE URGED TO READ THE REGISTRATION STATEMENT AND THE PROXY STATEMENT/PROSPECTUS CAREFULLY AND IN THEIR ENTIRETY AND ANY OTHER RELEVANT DOCUMENTS FILED WITH THE SEC BY QUANTERIX AND AKOYA, AS WELL AS ANY AMENDMENTS OR SUPPLEMENTS TO THOSE DOCUMENTS WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT QUANTERIX, AKOYA AND THE PROPOSED MERGER.** A definitive copy of the Proxy Statement/Prospectus will be mailed to Akoya stockholders when that document is final. Investors and security holders will be able to obtain the Registration Statement and the Proxy Statement/Prospectus, as well as other filings containing information about Quanterix and Akoya, free of charge from Quanterix or Akoya or from the SEC’s website when they are filed. The documents filed by Akoya with the SEC may be obtained free of charge at Akoya’s website, at [www.akoyabio.com](http://www.akoyabio.com), or by requesting them by mail at Akoya Biosciences, Inc., 100 Campus Drive, 6th Floor, Marlborough, MA 01752, ATTN: Chief Legal Officer.

## **PARTICIPANTS IN THE SOLICITATION**

Quanterix and Akoya and certain of their respective directors and executive officers may be deemed to be participants in the solicitation of proxies from the stockholders of Akoya in respect of the proposed Merger. Information about Akoya’s directors and executive officers is available in the Proxy Statement/Prospectus and Amendment No. 1 to Akoya’s Annual Report on Form 10-K as filed with the SEC by Akoya on April 28, 2025, and other documents filed by Akoya with the SEC. ## Quanterix Releases Financial Results for the First Quarter of 2025

**BILLERICA, Mass. – May 12, 2025** - Quanterix Corporation (NASDAQ: QTRX), a company fueling scientific discovery through ultra-sensitive biomarker detection, today announced financial results for the first quarter ended March 31, 2025.

"During a time when market resource constraints threaten to slow scientific progress, we remain committed to keeping the innovation engine moving forward," said Masoud Toloue, CEO of Quanterix. "Today, we are excited to announce a major advance: through a new early-access program, Simoa® ONE assay kits will become compatible with over 20,000 existing flow cytometers worldwide—significantly reducing the need for capital equipment purchases by current and future customers. This leap is enabled by a breakthrough in reagent design: Simoa's digital, ultra-sensitive detection now operates with kinetic dye-encoded beads, dramatically expanding our reach to an installed base more than twenty times the size of our own. We are democratizing access to ultrasensitive biomarker detection by meeting researchers where they are—a major step forward in our mission to bring Simoa to all labs."

Toloue continued, "Following a solid first quarter that exceeded our expectations, we are proactively positioning the company for long-term success. In light of ongoing market headwinds, we are taking a disciplined approach to guidance and implementing targeted cost reductions of approximately \$30 million annually. These actions strengthen our path to generate positive cash flow by 2026, reinforce our commitment to sustainable innovation-driven growth, and help to streamline our coming integration with Akoya Biosciences."

### First Quarter Financial Highlights

- Revenue of \$30.3 million, a decrease of 5% compared to \$32.1 million in the prior year.
- GAAP gross margin of 54.1%, as compared to 57.8% in the prior year. Adjusted gross margin (non-GAAP) of 49.7% as compared to 51.2% in the prior year.
- Net loss of \$20.5 million, compared to a net loss of \$11.2 million in the prior year.
- The Company ended the first quarter with \$269.5 million of cash, cash equivalents, marketable securities, and restricted cash, representing a use of cash of approximately \$22 million. During the quarter, Quanterix incurred \$13.2 million of cash expenses relating to the EMISSION acquisition, Akoya deal expenses and the Company's previous restatement. Excluding these payments, adjusted cash burn in the quarter was \$9.0 million, compared to adjusted cash burn of \$19.4 million in the prior year.

### Operational and Business Highlights

- ARUP Laboratories, a leading national reference laboratory in the United States announced they will now offer a pTau217 blood test for Alzheimer's disease using the Quanterix platform and assay kit.
- Received Proprietary Laboratory Analysis (PLA) codes for LucentAD® and LucentAD Complete tests, with pricing expected in the third quarter of 2025.
- Launched a new dried blood spot (DBS) extraction kit, expanding the Simoa assay portfolio with a less invasive, more cost-effective method for detecting low-abundance biomarkers- expanding access to high-sensitivity testing in a broader range of settings
- Amended the merger agreement with Akoya Biosciences, reducing the equity value of the transaction by 67% and increasing Quanterix shareholder ownership from 70% to 84% post-closing. The transaction is expected to close in June 2025.
- Implementing cost reduction initiatives to achieve \$30 million in annual savings. This is a first step toward generating positive cash flow by 2026 with a cash balance in excess of \$100 million.

## **2025 Full Year Business Outlook**

In assessing recent cuts to academic research funding, biopharma spending patterns, and tariffs, for 2025, on a standalone basis excluding the planned acquisition of Akoya, the Company expects to report revenues in a range of \$120 million to \$130 million, which represents a year-over-year revenue decline of 5% to 13%. This estimate excludes revenue from Lucent Diagnostics testing. The Company expects GAAP gross margin to be in the range of 55% to 59%, and adjusted gross margin (non-GAAP) in the range of 50% to 54%. Finally, the Company anticipates 2025 adjusted cash burn to be approximately \$35.0 million to \$45.0 million.

For additional information on the non-GAAP financial measures included in this press release, please see “Use of Non-GAAP Financial Measures” and “Reconciliation of GAAP to Non-GAAP Financial Measures” below.

## Use of Non-GAAP Financial Measures

To supplement our financial statements presented on a U.S. GAAP basis, we present the following non-GAAP financial measures:

- **Adjusted EBITDA and adjusted EBITDA margin:** We define adjusted EBITDA as net income (loss) adjusted to exclude interest income, income tax (expense) benefit, depreciation and amortization expense, stock-based compensation expense, acquisition and integration related costs, impairment and restructuring, and certain other items which include other charges or benefits resulting from transactions or events that are highly variable, significant in size, and that we do not believe are indicative of ongoing or future business operations. These items are discussed in more detail below the tables reconciling the GAAP to non-GAAP measures. Adjusted EBITDA margin is calculated as adjusted EBITDA divided by total revenues.
- **Adjusted gross profit, adjusted gross margin, adjusted total operating expenses, and adjusted loss from operations:** We calculate these non-GAAP financial measures by including shipping and handling costs for product sales within cost of product revenue instead of within selling, general and administrative expenses. Additionally, we exclude amortization of certain acquired intangible assets, acquisition and integration related costs, and certain other items which include other charges or benefits resulting from transactions or events that are highly variable, significant in size, and that we do not believe are indicative of ongoing or future business operations. Adjusted gross margin is calculated as adjusted gross profit divided by total revenues.
- **Adjusted cash burn:** We calculate cash burn as the total change in cash, cash equivalents, and restricted cash adjusted to include the net change from purchases, sales, and maturities of marketable securities (excluding any interest receivable). Adjusted cash burn is calculated as cash burn further adjusted to exclude cash payments related to transactions or events that are highly variable, significant in size, and that we do not believe are indicative of ongoing or future business operations.

We believe that presentation of these non-GAAP financial measures provides supplemental information useful to investors in understanding our underlying operating results and trends. We use these non-GAAP financial measures to evaluate our operating performance in a manner that allows for meaningful period-to-period comparison and analysis of trends in our business and our competitors. We believe that presentation of these non-GAAP financial measures provides useful information to investors in assessing our operating performance within our industry and to allow comparability with the presentation of other companies in our industry.

The non-GAAP financial measures presented here should be considered in conjunction with, and not as a substitute for, the financial information presented in accordance with U.S. GAAP. For example, adjusted EBITDA excludes a number of expense items that are included in net loss and adjusted cash burn excludes certain actual cash payments. As a result, positive adjusted EBITDA or positive adjusted cash burn may be achieved even where we record a significant net loss or reduction in our cash and marketable securities balances in accordance with U.S. GAAP.

Investors are encouraged to review the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures set forth in the tables captioned "Reconciliation of GAAP to Non-GAAP Financial Measures" in the section below.

Additionally, we make certain forward-looking statements about our future financial performance that include non-GAAP financial measures, which are difficult to predict for future periods because the nature of the adjustments pertains to events that have not yet occurred. We do not forecast many of the excluded items for internal use and therefore information reconciling forward-looking non-GAAP financial measures to U.S. GAAP financial measures is not available without unreasonable effort and is not provided. The occurrence, timing, and amount of any of the items excluded from U.S. GAAP to calculate non-GAAP financial measures could significantly impact our U.S. GAAP results.
